

This catalogue is a selection of traditional designs which are taken from or based on original panels. All designs and corners are interchangeable and are aligned to the customers glass dimensions.

Sandblasting is an art form where many aspects can be achieved; it can be used in numerous design applications in both residential and commercial settings: doors, windows, shower screens, mirrors, partitions, company logos and more.....

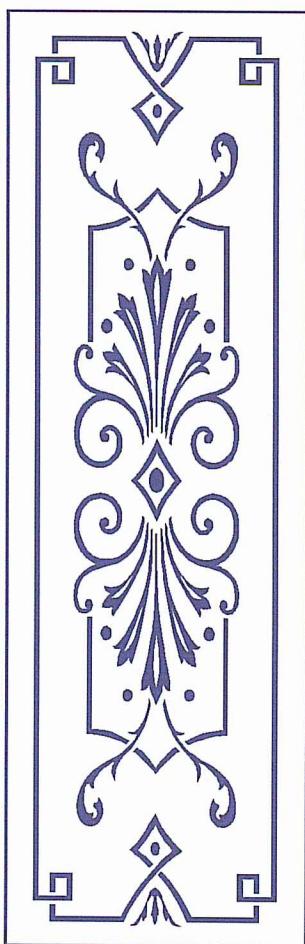

Personal ideas can also be adapted to create an individual design.

Unless otherwise stated all the sandblasted area is coated with "Briteguard"
